AMENDMENT/ALLOWANCE

Response to Arguments

1. Applicant has submitted replacement drawings to correct issue concerning quality to permit examination. Accordingly, the rejection to the drawings is withdrawn.

Examiner's amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with K. Waterman (Assistance of Sarah Smith, Registration No. 50,488) on 08/27/2009.

The application has been amended as follows:

In the Claims:

Claim 61, on line 12, "sends" has been changed to read --sending--.

Claim 61, on line 16, "sends" has been changed to read --sending--.

[End Amendment]

Allowable Subject Matter

3. Claims 61-78 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 61, the prior art reference Lee teaches client and server IP service to mobile node according to mapping table data. Admitted prior art, disclosed the communication pass between layers and encapsulation. However, Lee does not teach how each data unit is traversed to next layer accordingly. The reference art does not teach to avoid encapsulation and speed up the data process. Prior arts fail to teach the detail steps of communication which is established between the client-service module and server service module at OSI Layer 7. Payload of first data is sent from client-service module to the server-service module. Therefore, combination of the reference Lee and admit art does not teach the inventive step of the claim. The subject -matter of independent claims 61 and 72 are regarded as inventive over the cited prior arts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
